

TAKING CARE OF WHAT MATTERS MOST

When a child is sick or in hospital the last thing anybody wants to worry about is money, so take care of your employees when they need to take care of their child.

Available on a flex, voluntary or even a company funded basis, with Family Care it doesn't matter if your employees are accessing treatment via a private medical plan or the NHS. It provides assistance towards consultations and diagnostic tests for their children, as well as those areas not typically covered by other health plans, such as overnight accommodation costs for parents, plus childcare for other dependent children.

REASSURANCE

Our new benefit package offers everything to make a child's hospital stay as streamlined as possible, leaving parents able to focus on what's important.

Aside from our specialist consultation, diagnostic tests and scans cover, Medicash Family Care works to make sure everything outside the hospital walls keeps ticking over too.

Overnight hotel accommodation and car parking expenses are taken care of, as well as out of pocket expenses to make sure that the cost for food, television and consumables don't cause unnecessary financial strain.

ADDITIONAL SUPPORT

And at home? We make sure that parents are covered for childcare and kennel & cattery fees – so they can focus on their child's health, without distractions.

If that wasn't enough we offer lump sum payments to help take care of your employee's child while they recuperate from long hospital stays. We offer access to helpline support and ensure that parents have peace of mind with our Best Doctors® InterConsultation™ service, giving them access to a second opinion from one of the world's top paediatricians.

PRIVATE SURGERY COVER

With this optional extra your employees can access private surgical procedures for their children which are undertaken on a daycase basis, or which only require a single night's stay in hospital.

From grommets to a tonsillectomy, this unlimited benefit allows your employees to choose where and when their children undergo any minor surgical procedures that may be required, without the worry of when it can be done on the NHS or the cost of paying for private treatment.

Company Paid Premium (including Insurance Premium Tax)

Providing the additional support you'd expect for you and your family...

Access to Helpline Support Services

Having a child in hospital is any parent's worst nightmare. Our 24-hour telephone advice service provides qualified counsellors and specialists to support your family through a range of issues at a difficult time.

Best Doctors® InterConsultation™ & Doctor Online

In light of a difficult diagnosis, any parent would want to be reassured that the treatment plan offered to their child is the best course of action. To help navigate any diagnosis, or decision, our Best Doctors® service offers you a second medical opinion from renowned consultants, providing you with peace of mind and an alternative assessment from one of the world's best medical minds.

While your child is in hospital overnight as an inpatient we are here to help...

Overnight Accommodation (Max 30 nights per child in hospital, per year)¹

If your child needs to stay as an inpatient in a hospital a long way from home it can be hard to travel back and forth, so we offer cover for overnight accommodation so you can stay nearby.

£150
max per night

£150
max per night

Out of Pocket Expenses (Max 30 nights per child in hospital, per year)

We'll give you an additional £35 per night if your child is in hospital to help with those out of pocket expenses such as food, consumables and TV charges.

£35
per night

£35
per night

Car Parking (Max 30 days per child in hospital, per year)²

Claim back your parking costs when staying with or visiting your child in hospital.

£15
max per day

£15
max per day

Childcare Cover (Max 30 days per child in hospital, per year)³

With one child in hospital it can be hard to look after their brothers and sisters, so we'll pay up to a combined £80 a day for any additional childcare that you need, above your normal arrangements, to help look after your children.

£80
max per day

£80
max per day

Kennel & Cattery Fees (Max 30 nights per child in hospital, per year)

If you need to put your cats or dogs into a kennel or cattery whilst your child is in hospital we'll give you up to a combined £30 a night to help cover the cost.

£30
max per night

£30
max per night

Recuperation (Max £500 per child, per year)

If your child is returning home after a long stay in hospital, they'll need time to recuperate and recover. If your child has been in hospital for 7 consecutive nights, we'll give you £150. If they have been in hospital for 14 consecutive nights or more, we'll increase this to £500.

£500
max per year

£500
max per year

This plan provides cover for up to four dependent children up to their 18th birthday. Each child has their own entitlement and their claims do not affect any other individuals covered on the policy. Cover excludes any claim related to a pre-existing condition for three years from the start of the policy. Any new condition will be covered immediately. Cover is only for treatment which takes place within the UK. ¹Overnight Hotel Accommodation must be within 10 miles of the treating hospital. ²Car parking must be within 1 mile of the treating hospital. ³Childcare must be provided by a registered Childcare provider. This plan is subject to Medicash's Terms and Conditions.
