

COMPREHENSIVE DOESN'T HAVE TO BE COMPLICATED

Medicash Plus is the simple but effective plan with a low starting price, focused on consolidating your company's costs.

With easier and more efficient access to GP and consultant services, combined with painless PMI excess settlement, 'retail therapy', employee assistance programmes and company incentives – this plan stretches your budget further.

SIMPLICITY

From a low entry cost, your employees receive cash back on a comprehensive range of health benefits.

PRIVATE GP COVER

The sooner your employee is seen by a GP, the faster they will return to work and the lower the cost will be to your company.

The cost of private GP access is reimbursed, eradicating unnecessary delays caused by appointment or referral waiting times.

DIAGNOSTIC TESTS & SCANS

To be treated, you have to be diagnosed. Employees could wait weeks to receive diagnostic tests and scans from the NHS, causing anxiety and creating unnecessary obstacles to treatment.

This allowance covers private MRI, CT, PET Scans and X-Rays, allowing for a quicker diagnosis, peace of mind for your employee and more efficient access to treatment.

CREATE A BETTER ENVIRONMENT WITH PLUSPOINTS

For companies with their own environment policies, PlusPoints can be exchanged by the company to protect areas of rainforest or offer your workforce easy access to medical aids.

Each policy document sent by email earns your company 10 PlusPoints. These can be redeemed against a variety of healthy incentives to benefit your staff. With each incentive worth a different amount of PlusPoints, we offer something healthy for every company, no matter what their size.

In the same way as on Medicash Proactive, you also have the option to add in PMI excess cover and an EAP to your plan.
