HOW MEDICASH CAN HELP WITH LONG COVID

Mental Health Support

With a Medicash health plan you can access a range of options to help with the mental health difficulties associated with long covid, including access to our [24/7 advice line and counselling service](#).

mProve YOURSELF App

The [mProve YOURSELF](#) app can be a great tool for overcoming both the physical and mental side effects of long covid. With sleep guides to help beat insomnia, a range of fitness and yoga guides from beginner to expert to help you recover your strength at a pace that suits you.

Virtual GP & Best Doctors Service

Our health plans give you access to our on-demand healthcare services. With [Best Doctors](#) you can access the knowledge of over 50,000 world leading experts and consultants to provide you with a second opinion on a recent diagnosis.

Alternatively, [Virtual GP](#) will provide you with round the clock access to video consultations with a private NHS-registered GP, open referrals and fit note, and more.

Physiotherapy & Complementary Therapies

Joint pain or muscle aches are a very common symptom of long covid. With a Medicash health plan, you can receive cover for a variety of physical and complementary therapies to support you with these symptoms, including [Phio](#). This clinically-led 24/7 digital physiotherapy assessment app provides fast, remote access to the right care for the user.
