FREE COVER FOR UP TO FOUR CHILDREN: Up to four dependant children can be covered free under your policy, up to their 16th birthday or 19th birthday if in full time education. ¹ Half of the annual limit can also be claimed towards dental care plan fees. ² Medicash do not cover Complementary and Alternative Therapies, Chiroprody or Health Screens which are arranged, paid or facilitated through your employer or by another employee. ³ We will pay up to a maximum of 30 nights inpatient stays in any three year consecutive benefit period where you have been hospitalised for the same condition. This will not affect your right to claim for inpatient stays related to other conditions. ⁴ Medicash offers continuous cover for those employees already covered by a previous company paid cash plan before the Medicash plan start date. New policyholders will not be covered for the Birth of a Child benefit or for any Hospital Stays relating to a pre-existing condition during the first 12 months of their policy. All policyholders will be paid at the lower rate for Birth of a Child and Hospital stays relating to a pre-existing condition for 12 months following an increase to their level of cover. ⁵ Children under 16 for which you have parental responsibility and are covered under your policy can access this benefit with you. *Calls to 03 numbers are no more expensive than calling numbers starting with 01 or 02 and are included in free call packages from landlines or mobiles.
